

# HERE'S the POINT!

By SPENCE HELD

Buddy Lewis, who was a powerful figure in the Point Loma High line a few years ago, is playing tackle for the S. D. Marines this season.

Lewis, at 215 pounds, is one of the lightest tackles on the squad. The others weigh 253, 261, 245, 225, 215 and 270.

However, I suspect that Lewis is the best of the lot. He was picked on the All-Border Conference team for three years while performing for the University of Arizona.

Did you ever watch a Russian Communist on a buying spree in a capitalistic clothing store?

Back in 1937 I had the opportunity to observe three Communists gleefully spending Joe Stalin's dollars for American merchandise, and it was quite a spectacle.

Mikhail Gromov, Andrei Yumoshnev and Sergei Danilin had just arrived from Moscow via the North Pole. Their single-engine plane landed in a cow pasture at San Jacinto after a record-breaking nonstop flight of 6,262 miles.

Clad in trousers and shirts, the Russian fliers came to San Diego to attend a civic luncheon. As a reporter for a S. D. newspaper, I trailed them to a clothing store.

They spoke no English, so Soviet Consul General Grigori Gokhman of San Francisco handled the palaver. Three salesmen had a field day, hauling out brown suits, gray suits, English drape models and whatnot, and the Russians tried 'em on enthusiastically.

Gromov, a tall hawk-faced Army colonel, wasted little time. With a minimum of gestures he selected a single-breasted brown suit, then put his hands in his pockets and contemplated his companions.

Like kids in a candy store, Yumoshnev and Danilin were overwhelmed by the display and tried on one coat after another in front of mirrors.

Danilin was the shortest of the three—he spent considerable time in a booth trying on trousers, dodging exploding flashlight bulbs and reporters who spoke no Russian.

Yeah, and Consul Gokhman was quite a character. Waving his arms and feeling the goods, he spouted advice to the dazzled duo. . . . Finally, after almost an hour, they settled for single-breasted suits like their leaders'.

Yumoshnev took a gray overplaid drape model and Danilin a blue-gray outfit.

Haberdashery? They ran wild through that department, buying quantities of shirts, ties, socks and handkerchiefs. Nothing red, either, as I remember. The bill came to about \$300. (Not to be sneezed at in 1937.)

## 7 New Teachers At Silver Gate

Seven new teachers were among the 24 who welcomed 876 children to Silver Gate Elementary School classrooms last week.

They were: Miss Doris Browne, who was consultant last year; Mrs. Helen Courtwright and Richard Knowles, both from Ocean Beach School; Miss Dorothy Davis, Provo, Utah; Miss Colleen Dorius, Ocean View School; Miss Cynthia Miller, Santa Ana, and Robert Stevens, Braitree, Mass.

The previous week Miss Mary Jane McIntyre, Silver Gate principal, had introduced the staff at the annual PTA luncheon.

## Kiwanis Clubs Plan Kids' Day Celebration Saturday, Sept. 28

"Kids' Day, Sept. 28, will be a real treat for kids."

That's the word from Richard L. Johnston, who heads the Kiwanis Club of San Diego Committee handling observance of the annual event. Staging the day-long program is a cooperative activity of the eight Kiwanis Clubs in the San Diego area, according to Norman D. Ferguson, president of the downtown Kiwanis Club.

Dist. Atty. Don Keller, one of the Kiwanians who organized the first local Kids' Day celebration nine years ago, is working closely with Johnston in planning this year's event.

Plans for the Sept. 28 celebration are well under way, Johnston reported. On the big day, activities get under way at 9:30 a.m., with free movies for youngsters in four of the Fox West Coast theatres in downtown and suburban San Diego.

Also scheduled for the morning of Kids' Day are free harbor

STRATEGY—Coach Al Lewis of California Western University discusses forthcoming strategy with two returning lettermen, John Ricketts and Norman Liechty. The Westerners open their football season Oct. 5 against Oceanside Junior College.

## Calif. Western Football Team Works Out At Training Center

Coach Al Lewis predicts that the Cal Western football team will make up in fight what it lacks in size and depth.

"Although our Westerners squad will be small in numbers and small physically," Lewis said, "our boys are showing already that they will be long on spirit."

Lewis predicted that the squad will number about 20 men after they get into the season. He will employ a multiple-T formation with variations, he said, which will give the team a balanced game of passing and running.

The team is now working out daily from 3 to 5 p.m. at the Naval Training Center practice field in preparation for the first game Oct. 5 against Oceanside Junior College at Oceanside. Lewis is stressing conditioning, fundamentals and basic offense. The first scrimmage is scheduled for Saturday, Sept. 28.

Five returning lettermen from last year's team which played two games form the nucleus of the squad. They are John Ricketts, Norman Liechty, John Northington, Ronald Biedy and Ed Burroughs.

## Groundbreaking For Hospital Set Wednesday

Groundbreaking ceremonies for Doctors Hospital will be held next Wednesday at 1 p.m. at the site, corner of Fordham and Kenyon Sts., off Midway Dr., it was announced by F. O. McVey, administrator.

Construction of the hospital, estimated to cost more than \$670,000, will be completed by next summer, he said.

City and County officials will be invited to participate in the groundbreaking. The public also is invited.

Doctors Hospital will be built by San Diego Medical Associates. Architectural plans were prepared by Richard George Wheeler & Associates and construction is by Walter Trepte & Sons.

There will be 62 hospital beds at the time of opening, and it is planned to enlarge the hospital to 100 beds.

## Grid Carnival Fri. Night In Balboa Stadium

With pre-game pageantry scheduled to start at 7:30 p.m., the city schools' 19th annual football carnival will be held this Friday, Sept. 20 in Balboa Stadium.

Football stars from Point Loma and seven other high schools will be seen in action during the evening. Point Loma will take on Mission Bay in the second quarter.

Reserved seats (\$1.00) are available at the participating schools. General admission (\$1) and children's tickets (50 cents) are available at junior and senior high schools as well as Marc's in Ocean Beach.

## Anglers Poised For Big Fishoff

One hundred fifty anglers, those who have registered albacore, bluefin tuna, or yellowtail weighing 30 pounds 3 ounces or more within the last eight weeks, will unlimber their casting arms Saturday in the final fishoff of the 11th annual \$25,000 San Diego Yellowtail Derby.

Largest qualifier in the final period was a 44 pound 4 ounce albacore caught Aug. 22 by Richard Brown of Long Beach.

Bert Hebrner, 415 Rosecrans, headed the list of successful qualifiers from the Point Loma-Ocean Beach sector, his fish weighing 35 pounds 12 ounces. Others from the area eligible for Saturday's fishoff for the station wagon and other valuable prizes at stake that day include 30-6, P. K. Matlock, 1561 Ocean Front.

With daily catches at the Coronado Islands now ranging between the 1000 and 1500 levels, everything points to a hotly contested fishoff.

## GEORGE DEWEY PTA

The September meeting of George Dewey PTA will be held in the school auditorium Tuesday the 24th at 7:30 p.m.

Titled "Getting to Know You," the program will include community singing. A talk, "Our Children Come First," will be given by Sidney Singer. Sixth grade room mothers will serve refreshments. All parents are urged to attend.

The first day of school was heralded by a luncheon given by the PTA board for the faculty and staff in the cafeteria. In charge of food and arrangements were Mrs. Larry Horne, Mrs. J. Koch, Mrs. Edgar Hatfield and Mrs. George Ragsdale.

Tables were decorated with place mats of fall colors and various fall straw flowers and leaves carried out the theme. Teachers were introduced by James Bellingham, principal. Mrs. Horne, president, introduced the PTA board.

She urged all persons to take an active interest in the new United Fund and to support it, both financially and by volunteering services.

Those interested should contact the chairman in their district or call United Fund Headquarters, AC-3-7191.

## Trojans Strong At Guard & Tackle But Backfield Picture 'Clouded'

LOS ANGELES—Already leg- islated out of eight top seniors for the 1957 season, dynamic Don Clark, first-year director of Trojan gridiron fortunes, suffered two more severe losses during the first ten days of practice sessions.

Starting end Bob Voiles and Hillard Hill have been rendered inactive, the former with broken bone in his wrist and Hill with an enlarged kidney. Voiles is expected to be sidelined for a minimum of six weeks while his running mate is through for the season.

As expected following spring practice, the only apparent strength of the team is at guard and tackle. Ben Lardizabal, the 32-year-old warrior, has regained his starting left guard job over Walt Gurasich and Lou Byrd, and right guard Frank Fiorentino has managed to hold off the challenge of Pat

Reagan. At tackle, Mike Henry is probably one of the best in the nation and he is backed ably by rugged sophomore Don Mattson. On the other side, it is mammoth Monte Clark supported by Rod Humenuik and Dick Bronson.

Preparations for the night opener against Oregon State in Portland on Sept. 21 have been progressing satisfactorily according to Clark, but the backfield picture still seems clouded. Currently, the first unit is Jim Conroy at quarterback, Tony Ortega at right half, 154-pound Don Buford at left half and Ed Isherwood at fullback.

Moving up to starting end berths are LE Lindsay Hubby and RE Larry Boies and in the center spot is Ken Antle.

The Trojans open their home season against Michigan on Saturday, Sept. 28th.

### STAG PARTY

It was a clear case of "having your cake and eating it, too" when John Siever recently celebrated his 6th birthday at his home at 665 Alt'on St.

The cake in question was decorated on top with a baseball team—complete with diamond, bats, balls, gloves and six players! John was so intrigued with the "ball game cake" that he refused to have it cut for the party. His mother had to substitute cup cakes. (Two days later John gave up and ate the cake.)

Another new angle pulled at this party was instigated when John insisted the affair be held on Saturday "so Daddy can have the fun of helping."

Mrs. Howard J. Siever, mother, and Jane and Julie, 8 and 9 year-old sisters, stayed strictly on KP duty.

The stag line included Masters Tommy Frost, Tommy Burnham, Jimmy Patrick, Timmy Thompson, Bruce Wilson, Rob-in Anderson, James Anderson, Fred Fogerty and Page Tul-loch.

### LOVE THESE TEENAGERS

### WHAT'S THE USE

A disconsolate small boy returned home from his first day at school.

"I'm not going back," he said flatly.

"Why not?" asked his anxious mother.

"Well, I can't read. Can't write, and they won't let me talk. What's the use?"

### OVERHEARD

versary of Mr. and Mrs. A. C. Heilman Sr., of 4968 Muir St.

### CHRISTIAN SCIENCE LESSON-SERMON

Man's God-given dominion keynotes the Lesson-Sermon on the subject of "Matter" in all Christian Science churches on Sunday.

The account of the healing of the nobleman's son is related from John's Gospel (4:49-53). He besought Jesus, "Sir, come down ere my child die. Jesus saith unto him, Go thy way; thy son liveth. And the man believed the word that Jesus had spoken unto him, and he went his way. And as he was now going down, his servants met him, and told him... Thy son liveth... So the father knew that it was at the same hour, in the which Jesus said unto him, Thy son liveth; and himself believed, and his whole house."

Mary Baker Eddy lovingly admonishes in "Science and Health with Key to the Scriptures," "You must understand your way out of human theories relating to health, or you will never believe that you are quite free from some ailment. The harmony and immortality of man will never be reached without the understanding that Mind is not in matter" (p. 381).

The Golden Text is from I John (2:15): "Love not the world, neither the things that are in the world. If any man love the world, the love of the Father is not in him."

### THE COMMUNIST WORLD TO BE DISCUSSED FRI.

"The Communist World" will be the subject for a discussion to be held at a meeting of the International Relations Committee of the San Diego Branch of the American Association of University Women, Friday, Sept. 20, at 7:30 p.m., at the club-tee.

# WHO'S WHO in San Diego County?

## Mr. Abel Helper

This long-time San Diego County resident, businessman and civic leader is typical of the nearly 5,000 local people who own stock in Bank of America. They're well-informed on local conditions, from retail business to city planning. And, like all our shareholders, they have a voice in the policies and administration of our bank. So they're able to help Bank of America branches in San Diego County specialize their services to meet local needs. In addition, with the dividends they receive on their B of A stock—a total of more than \$910,000 last year alone—they can buy more goods and services from local people. That's another reason we say our bank is statewide, sure... but local, too!

## This Is Civil Defense Week--

### Here's What CD Has Been Doing

Activity during the past year by the San Diego city office of Civil Defense is reflected in a greater public realization of the important role that government, and the public-at-large, play in this vital defense program, Mayor Charles C. Dail said this week.

The mayor, who is chairman of the San Diego Disaster Council, issued his statement in proclaiming the week of Sept. 15 to 21, Civil Defense Week in this community.

Accomplishments of the past 12 months by the city's Civil Defense organization include: More than 1 million pieces of informational CD literature distributed to business, industrial plants and the public in general; a new city-wide delivery of the San Diego Evacuation Plan was made to homes and businesses; a year-round news program was continued through the press, radio and television; staff members spoke before more than 150 different organizations; drills in

various phases of CD training were held on 70 occasions.

More than three dozen new operational plans were drafted and distributed to affected agencies and organizations covering public health, coroner and mortuary services, medical and health supply, facility protection in earthquakes and other natural disasters.

A new shortwave radio network is now being checked out with the seven hospitals in the area and will soon be in complete readiness for disaster needs. More than 60 CD warden training classes and radiological training exercises were conducted during the year and two general training exercises for staff members and volunteers were held in cooperation with federal and state authorities.

## Shore Planning Ass'n. To Meet

Shoreline Planning Association will hold its 11th annual convention Sept. 26-28 at the Miramar Hotel in Santa Monica. On display will be the improvements of Santa Monica's beaches and its greatly enlarged parking facilities, all of which will be explained by a panel of city planning officials.

A panel headed by Newton B. Drury, chief of the Division of Beaches and Parks, will talk on the progress in beaches and parks and similar matters along the entire shoreline of California.

Beach erosion and pollution will be covered by a panel under the direction of Richard S. Whitehead, director of planning, Santa Barbara County, and a member of the State Water Pollution Control Board.

An accomplishment of the State legislative session, behind which recreation and beaches and parks boosters rallied, was the substitution, of \$12,000,000 for beaches and parks instead of \$7,000,000.

How we gear telephone service to protect your family in emergencies. To guard essential phone services against emergencies of all kinds, telephone people plan ahead continually. Here are some of the things we're doing: We're completing alternate communications routes around key cities. And most main cables are now underground. They could withstand a terrific battering. Phone build-

ings are widely scattered and built extra strong. They are among the sturdiest standing. But were a vital link knocked out, we have plans ready for quickly restoring essential services. And within the company we've set up alternates for key jobs. We test these precautions often. As needs change, we change with them. For we want to be sure communications vital to your safety are ready if they're needed.

# HEALTH FOR ALL

You knew it all the time, but science has finally tested and proved it. People behave differently when they drink. Strictly for scientific purposes, the Yale University Center of Alcohol Studies threw a couple of parties. One was for hard drinkers — derelicts from Skid Row. They didn't have a good time. They just sat there and drank until they fell to the floor, one by one. The other party was for a group of teachers. A couple of cocktails and the pedagogues were joking, laughing, slapping each other on the back.

Stupid or tipsy, however, they all had the same concentration of alcohol in the blood on the same number of drinks. And they responded pretty much alike to tests of the speed of their reactions.

Another thing you knew that has now been proved scientifically is the fact that you "feel" your drinks more if you haven't had anything to eat. Food in the digestive system slows down the absorption of alcohol and the liver has time to oxidize it.

The liver can handle only three quarters of an ounce of alcohol in an hour. So spreading your drinks out over a long time helps, too.

The Yale researchers figure that if you can take 60 minutes to drink half a highball or three quarters of a can of beer, you could conceivably drink 24 hours a day without getting tight. Adding water to your drink won't slow it up, but adding soda will speed it up. It's the carbonation in champagne that makes it "go to your head" so fast.

The Yale experiments have shown that a small amount of alcohol calms the nerves and eases tensions. But while it lowers tensions, it also lowers skills—driving skills, for instance.

Tests showed that after two or three cocktails or highballs we all react more slowly to the flash of a light or the ring of a bell. We can't do tasks such as typing, memorizing or sorting cards as well as usual.

But, since the alcohol depresses the center of judgment, we think we can do everything better. That's the danger of "one for the road."

## Baptist Revival Meetings Planned

"Spiritual power and spiritual resources" will be the theme of the Rev. Ivan Sisk's scriptural messages during the week of Sept. 22. Special meetings will be held nightly, except Saturday, at 7:30 p.m. in the Ocean Beach Baptist Church, Sunset Cliffs Blvd. and Santa Monica Ave.

Special guests will be in attendance each night of the week: Sunday night, service personnel will be featured; Monday night is "Church Loyalty Night" when all church officers will be honored; Tuesday is "Sunday School Night"; Wednesday, the family will be the special guest.

"Good Neighbor Night" is Thursday and the members of the Frontier Baptist Church will be present. "Youth Night," Friday, will have as special speaker the Rev. Ross Bartlett, pastor of Oak Park Baptist Church. The meetings will close Sunday night, Sept. 29 with a baptismal service and message by the pastor of the church, the Rev. Allen Newman.

All meetings are open to the public.

Music will be featured each night of the revival. The four choirs of the church—Ladies Chorus, Senior Choir, Vespers Choir and Carol Choir—will provide music. Musical numbers by John Garrison, Otis Skillings, director of music for Youth for Christ; Mrs. Lois Ludo, former member of the church; El Cajon First Baptist Church girls trio, Paula Chandler and Marvin Volgamore will be part of the revival.

Twenty-four hours of prayer will be held in the church sanctuary Saturday, Sept. 21, in preparation for these meetings. Members and friends of the church will form a prayer chain beginning Saturday morning and lasting through the night until Sunday morning. The church is always open for prayer and meditation.

The Rev. Ivan Sisk is director of the San Diego Youth for Christ. He has had many years of experience in evangelistic work. "His inspiring preaching is well-known throughout San Diego," it was said.

## Dana Jr. High Faculty Active

Distant lands lured five Dana faculty members, two completed master's degrees, seven others did further college work, four became fathers of new babies, and three did special military jobs. Most of the others held summer jobs and took local trips.

Coach Perman took his mother by boat to southern Sweden and flew back over the polar region. Mrs. Betty Quayle drove to San Miguel de Allende for a month's study of art at the famous Instituto Allende. Mrs. Ann Simpson toured Alaska with her husband. LAUNDROMAT<sup>®</sup> AUTOMATIC WASHERS  
& ELECTRIC DRYERS

**SAVE**

ALL WITH REVOLVING AGITATOR AND DIRECT AIR FLOW

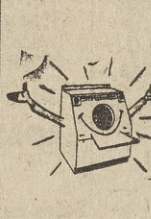

### HERE'S WHY THE REVOLVING AGITATOR LAUNDROMAT<sup>®</sup> IS BEST!

**Washes Cleaner!**  
Laundromat has no center-post. Clothes go inside Revolving Agitator which lifts and plunges them 50 times a minute; washes all the clothes, constantly. THE SAND TEST PROVES IT!

**Rinses Better!**  
Revolving Agitator lifts clothes while dirty wash water and soil drain away from them, never through them. Center-post agitator machines strain it all back through the clothes. THE SAND TEST PROVES IT!

**Cleans Itself!**  
Because of its patented design the Laundromat is entirely self-cleaning. Cleans clothes and cleans itself automatically. All soil, sand, lint and gum go down the drain. THE SAND TEST PROVES IT!
